

SUCCESSION

Mission Overview

A crisis is unfolding! The King of the planet Megara has died, and no successor has been chosen. The entire world is in political uproar. Many factions now vie for the throne, and unless a new King is chosen soon the planet will break out into civil war.

By tradition, the Oracle of Delphi is responsible for appointing the new King, but at the time of the King's death she was far away on a distant world. When she heard of the King's death she immediately began returning home to Megara, but she never arrived! Her ship's signal was last detected taking a shortcut through the Rogue System—a notorious hideout of the Orion Pirates.

Fearing the worst, the Priests and Priestesses of Delphi have called upon the Infinity Knights—the renowned protectors and peace and justice throughout the universe—to find the missing Oracle and return her safely back to Megara. Only then will she be able to resolve the conflict, appoint a new King, and restore peace.

But that's not all! Several other factions are trying to find the Oracle first to force her hand. Will the Infinity Knights be able to rescue the Oracle, reconcile the political tensions, and avert a civil war?
