## FOUR GREAT MISSIONS one BEST SUMMER EVER!!!

**For kids entering grades 4 through 12** (limited to the first 44 participants for each mission)

The YMCA and Dream Flight Adventures have teamed up to take over Harrison Middle School's Simulator named the IKS Highlander. One of only 6 simulators in the US. This summer is a great chance to test your skills in leadership, problem solving, and team work, as you navigate with your team through training exercises. It will all lead up to you and your Dream Flight team taking on the ultimate challenge. Each week crew members will go on a different mission to save the world. These adventure camps combine aspects of STEM skills, while being an active participant in the story.

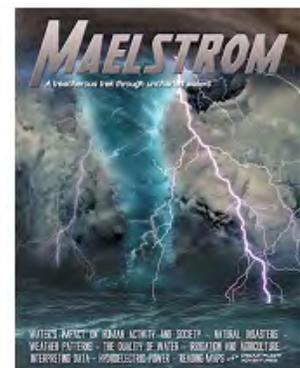

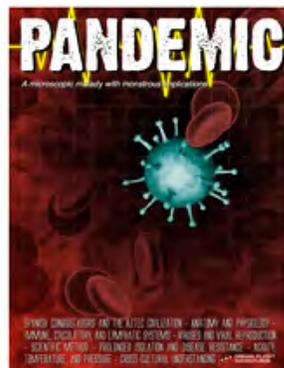

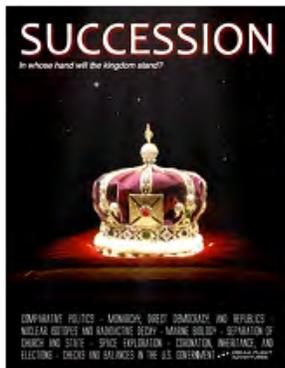

The skills they learn here will help them be successful members of a team—be it through sports, the arts, academics, or even future employment. Participants will also use 3-D printers, build their own games and play traditional camp games.

**Camp Hours: 9-4pm**  
**Extended care 7-9am and 4-6pm for no extra fee.**
